

To: Judiciary Committee

Dear Sen Winfield, Rep Stafstrom, Members of the Judiciary Committee,

I am opposed to H.B. 6335. This bill ignores due process, putting the burden of proof innocence on the accused. When in America did, we decide that not everyone deserves due process, an opportunity for evidence to be collected, an investigation or to be heard and defend themselves before their rights are taken from them. Please oppose H.B. 6355

Please consider supporting H.B. 6491, AN ACT PERMITTING PERSONS TO PROTECT THEMSELVES USING NONLETHAL DEFENSIVE IMPLEMENTS. Why have the state of Connecticut face an unnecessarily lawsuit and cost to defend laws that have already been declared unconstitutional by the courts.

Sincerely,

Vincent lafragola
